TOWN WARRANT

Cheshire, ss:

To the inhabitants of the Town of Marlow qualified to vote in Town affairs:

You are hereby notified to meet at Jones Hall in the said Town on the second Tuesday of March, next, at ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose a Town Clerk for the year ensuing.

Art. 2. To choose a Selectman for the three years ensuing.

Art. 3. To choose all other necessary Town Officers for the year ensuing.

Art. 4. To raise or appropriate such sums of money as may be necessary for the maintenance of the poor.

Art. 5. To see if the Town will accept State Aid construction for the East Road and raise and appropriate or set aside for said purpose the sum of \$403.50 and the State will contribute \$1000.00.

Art. 6. To see if the Town will apply for Class Five money known as T. R. A. and raise the sum of \$318.95 and the State will contribute \$1275.81.

Art. 7. To raise such sums of money as may be necessary for the repair of Highways and Bridges.

Art. 8. To raise such sums of money as may be necessary for Town Library.

Art. 9. To see what action the Town will take in re-

gard to the control of the White Pine Blister Rust and to raise money for the same.

Art. 10. To raise or appropriate such sums of money as may be necessary for the observance of Old Home Day.

Art. 11. To raise or appropriate such sums of money as may be necessary for the observance of Memorial Day.

Art. 12. To see if the Town will authorize the Selectmen to borrow money by temporary loans in anticipation of taxes.

Art. 13. To raise such sums of money as may be necessary to defray Town charges and apply on Town Debt.

Art. 14. To see if the Town will vote to raise the sum of \$50.00 to be expended by the Sexton to improve the Town Cemetery.

Art. 15. To see if the Town will vote to raise and appropriate the sum of \$30.00 to the Monadnock Region Association in Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising calling attention to the resources and natural advantages of the Town, in cooperation with the other thirty-seven towns of the Monadnock Region.

Art. 16. To see if the Town will authorize revocation of Article 17, of the 1939 Town Warrant and substitute for it the following:

To see if the Town will authorize the Selectmen to sell or administer all real estate acquired by the Town through Tax Collector's deeds.

Art. 17. To see if the Town will raise the sum of \$500.00 to raise the road between the bridge and the mill yard.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Marlow:

I herewith submit my annual report as Superintendent of Schools.

ORGANIZATION AND ENROLLMENT

No changes were made in the teaching positions this year.

The aim of the supervisory program in our schools is improvement in the quality of instruction. There are several principal factors influencing the attainment of this objective which are fundamental. Most important of these are: the selection of qualified teachers, the improvement of teachers in service, the organization of a definite program of studies, and an adequate supply of suitable instructional equipment.

Only teachers who are especially prepared by education or experience are recommended for teaching positions in the schools of the supervisory union. Our teachers are generally interested in professional growth and have manifested this interest by regular attendance at teachers' institutes, by reading professional magazines and books, or by attendance at summer school sessions. Our experienced teachers have been interested in keeping their teaching procedures up-to-date and in conformity with accepted educational practice.

The work in each school is conducted in accordance with a definitely prepared program of studies which is designed to assure thoroughness of instruction and continuous progress in the work of each grade. Reports indicating the scope of work covered by each teacher are made periodically during the school year. The content of these reports is compared with the general requirements for the grade. Any un-

usual variation from the established standards of attainment is investigated. Standardized tests are given to determine individual and group progress. Deficiencies in the fundamental subjects are discovered through the use of an established diagnostic testing program. The results of these tests supply the basis for a period of corrective instruction which is conducted in each school.

In general, our schools are well supplied with suitable working equipment. During the past few years special emphasis has been placed on building up the programs in reading and arithmetic. Most of our schools are now adequately supplied with up-to-date text books in these subjects. Consideration is now being given to a general adoption of new books in history and geography. Such new adoptions have been planned to extend over a period of several years in order to distribute the expense and to keep within the regular school appropriations. In some of the schools of the union there is a need for more reference material for use with the work of the upper elementary grades. This material and wall maps which are likewise essential, have been purchased within the limitations of the district budgets.

Two general group meetings were scheduled this year for the teachers in the elementary schools of the supervisory union. These meetings were devoted principally to a discussion of reading readiness, primary methods in reading, the reading program for the intermediate grades, and remedial reading. Dr. Mary E. Elliff spoke on these topics to the teachers at both meetings.

ENROLLMENT, JANUARY 15, 1940

Grade	1	2	3	4	5	6	7	8	Total
Primary room	8	8	7	4					27
Advanced room					8	6	1	4	19
	—	—	—	—	—	—	—	—	—
Total	8	8	7	4	8	6	1	4	46

A comparison of the present enrollment with that at

the same time last year indicates an increase of ten pupils; six in the primary room and four in the grammar grades.

The school year consists of a total of 180 days including the days on which the teachers are present at conventions. Because of the large number of holidays which must be observed during the year, the school year extends over a period of thirty-eight weeks. Days lost on account of storm or unusual occurrences are made up on days agreeable to the school board.

HEALTH

Health inspection at Marlow showed the following defects:

46 pupils were inspected.

2 pupils showed defective vision—uncorrected.

35 pupils were in need of dental care.

5 pupils were underweight.

3 pupils were advised to have throat and nose examination by a physician.

4 pupils had enlarged neck glands.

7 pupils showed poor posture.

A dental clinic was held October 9th and 10th, 1939, with work done by Dr. J. H. Grimes of Keene.

Number of pupils treated	21
--------------------------	----

Number of pupils receiving complete care	20
------------------------------------------	----

Number of pupils having teeth cleaned	16
---------------------------------------	----

Number of silver fillings	9
---------------------------	---

Number of porcelain fillings	5
------------------------------	---

1 pupil had tonsil and adenoid operation at Mousley Hospital clinic.

1 pupil had special eye examination and defect corrected.

BUILDINGS AND EQUIPMENT

The roof was shingled on the side facing the road. The plaster walls in the hallway were patched. Wall board was put on one wall in the boys' toilet room. The stoves and stove pipes were cleaned and blackened. The blackboard in both

rooms were painted. Some of the desks and seats in both rooms were rebolted.

More playground space and playground equipment such as swing standards and teeter boards would aid in the supervision of the outside activities of the children during the recess and noon periods.

STATISTICAL REPORT, 1938-1939

Total registration	54
Average membership	38.51
Percentage of attendance	91.82
Cases of tardiness	94
Visits by superintendent	60
Visits by citizens and others	32
Number of pupils not absent or tardy	2

The registration record indicates an increase of ten pupils. The number of cases of tardiness increased greatly over the record for the previous year. It is a responsibility of the school to impress pupils with the importance of forming habits of punctuality. The teachers will appreciate the co-operation of parents in this very important phase of the pupil's education.

I wish to express my appreciation for the co-operation which I have received during the year from members of the school board, teachers, parents, and pupils.

Respectfully submitted,

CHARLES D. DALZELL,

Superintendent of Schools
